

**Training & Assessment  
in Healthcare Ltd**

*Training and Professional Development*

## **Fire Safety Awareness**

**This half day course is designed to raise awareness and update staff in fire knowledge and safety procedures within the workplace.**

### **COURSE OBJECTIVES**

---

- To have an awareness of the legislation which governs Fire Safety in the workplace.
- To be able to identify the 'fire triangle' – how fires start and the different combustible elements that may be involved.
- To gain an understanding of classification of fire: A,B,C,D,E & F
- To be able to identify Areas of "High Risk" within the workplace.
- To demonstrate an understanding of organisational specific Fire Safety Policy & Procedure
- To understand and identify the different types of fire extinguishers, and their appropriate use
- To be able to state what needs to be actioned on discovering a fire and understanding of individual responsibilities

### **Course notes**

---

- Suitable for staff annual update
- Recommended for the trainer to be made aware of Organisational Fire H&S Policy documents prior to the course date
