Courses may be bought in-house for your team or where suitable delivered via zoom*
(*exclusions may apply where practical skills need to be demonstrated and practiced by the learner)

Please contact a member of our team to discuss specific requirements or options for your service, we are able to develop new and bespoke training and assist managers in developing their staff and enhancing clinical and team working skills

Two half day sessions can be combined on the same day to be cost effective (Either repeated courses or two different topics dependent on trainer availability).

Please also see our website for information on our OPEN Course schedules. All our trainers are experienced nurses and educators – working within health & social care for many years in a variety of support/clinical or management roles.
