## Understanding Different Learning Styles Including Special Educational Needs (SEN)

**This course aims to discuss and raise awareness of SEN and the impact it can have on individuals learning; to consider how individuals learn and how to adapt to the challenges individuals face when learning.**

### COURSE OBJECTIVES

---

- To raise awareness and understanding of different SEN and the impact it has on individuals learning
- To understand how people learn and different learning styles, how to adapt these to best support individuals and work to their strengths
- To understand the importance of self-belief and understand the emotional attachments involved when teaching and learning
- To understand social learning theory and personal construct theory and how this impacts individual's learning

### Course Notes

---

- This course covers the basic introduction into SEN and how individuals learn.
- We recommend an additional half day course which would enable delegates to develop and practice strategies to support learning.
