

**Training & Assessment  
in Healthcare Ltd**

*Training and Professional Development*

## **Navigating the role of the Registered Manager**

**An interactive 3-hour session for newly appointed Registered Managers and those aspiring to be managers, in rising to the challenge of understanding their role and responsibilities in meeting regulatory requirements as well as monitoring compliance with the regulated activities within their Service Provision.**

### **COURSE OBJECTIVES**

---

- To supportively enhance an understanding of the key regulatory requirements in the role of the Registered Manager in practice
- To explore meeting their core responsibilities in:
  - Safety & Risk Management
  - IP&C – responsibilities & the ongoing effects of COVID-19
  - Quality & monitoring standards in care
  - Promoting a service user values-based culture
  - Staff Management, training and supervision
- Reflect upon the role of Registered Manager in relation to Clinical Governance
- Differentiate between accountability and responsibility, and when to delegate
- Understanding of Duty of Candour and learning from adverse incidents
- Demonstrate an understanding of why accountability is important within the Regulatory Framework in Health & Social care
- Understanding of the Leadership Qualities Framework and the importance of Continued Professional Development
- Developing and sustaining resilience

### **COURSE NOTES**

---

- The session will be a supportive forum and encourages a professional sharing of knowledge and experience. By the end of this session candidates will also have identified further continued professional development areas to research.
